SPRING NOVELTIES

2020

New textures

This Spring, we continue our quest for good design, distinguished by outstanding craftsmanship, quality and creativity. Natural mineral powders and colour pigments blend together to form a distinctive texture, created and shaped by hand by our skilled artisans. Relying on some of the oldest artistic ancestral techniques, each table is unique, with its own character and identity. The Luna, Cosmos and Céleste collections' earthy tones and textures will add that touch of personality and authenticity to any space.

UNIQUENESS

Our artisans' creative improvisation will result in slight colour and texture variations. Exclusively made by hand, each piece is unique, embodying its own particularity, identity and character.
